

Sofie Pesce

A friend is...

A friend is someone special
wether he likes rock, pop or metal.
He'll make you laugh when things
go wrong, with a joke or just a silly song.
A real friendship will last for ever,
as long as you stay together.
A friend is someone you can't ignore
so get to work, don't snooze and snore,
show him that he's special, &
wether he likes pop, rock or metal
