"Speak to me about love"

On the occasion of his new film, *Our Voice*
went to interview Silvio Muccino

O.V.: <<Do you have any difficulties to play
different characters? **SILVIO:** If after ten
years I were to continue to do the same
character I would be finished!! It is necessary
to go on>>

O.V.: <<If we read the book or we see the film
what should we feel?>>.

SILVIO: << you don't "have to" feel anything. It
is not an obligation. When you sit down to watch
"speak to me about love" you "have to" relax
and let yourself go emotionally >>.

**O.V. would like to finish with Muccino's
words:** <<This film makes you want to love and
live. Two things which I'm afraid of, but I want
to arrive with the courage of my character who
arrived, and faced both>>

Friendship

What do you think about?

Daria(Isc) : friends make you
laugh, cry, dream...love

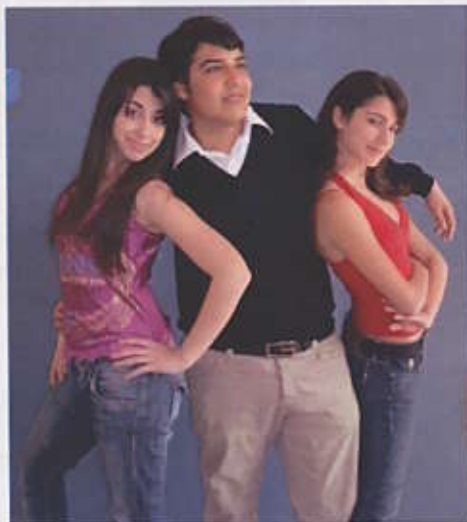

Irene(Icl) : friendship makes every
day different and more special than
the other days.

Michele(Icl) : In a friendship
jealousy always exists and is often
the reason we argue

Fashion

Do you like fashion?

Rita: Yes, I love fashion!!! I'm ready to do anything for it.

Daria: Yes, I like it! But for me fashion is being happy with my-self. Only for that.

How do you feel when you wear something that is not right for the occasion?

Rita: I run away, I go back home and I change my clothes.

Daria: I don't feel so good. But I stay there, I don't run away!!

Anorexia: Hunger for love

The situation

Today people are obsessed with image as never before. We are bombarded with advertisements of super-fit models. This continual brain washing has had a bad effect on us. We are prepared to do anything in order to achieve a beautiful body and look like those models the mass media show us.

The problem

That's why we want to analyze anorexia, a common condition among young people, especially girls who don't feed their body adequately and often vomit after eating. What causes anorexia? Above all cultural and psychological reasons.

Why?

If you're sad because of a boy, if the person who you love doesn't love you, if you think your parents don't understand you, if you get a bad mark or if somebody makes you sad, don't withdraw into yourselves but try to talk to your parents or friends.

Our Voice says:

And remember: the most important thing is to be beautiful inside.

Interview with Coach Baldini

O.V.: "Good morning Coach..how are you???"

Coach: "I'm great...what do you want to ask me?"

O.V.: "First of all, we are very curious to know how you started your career."

Coach: "Well, I still remember...at the beginning I trained an amateur team which played in a lower division. But to earn money I was just a P.E. teacher."

O.V.: "Do you have a ritual for warding off bad-luck which you usually do before the match?"

Coach: "No, I don't think I need to do any ritual...my team is great..although it has a lot of problems."

O.V.: "Do you like Catania as a city?"

Coach: "Yes I love it..especially the people who live here...they are nice and friendly!"

O.V.: "Do you hope your children will become footballers?"

Coach: "I hope they will become what they want to become."

O.V.: "Ok, thanks for your time and GO CATANIA!!!!"

Coach: "Yes, yes...FOREVER!"

Write to us soon!!!

This year Prof. Castro like every year, is organizing a play for the creativity day. This year it is "Midsummer Night's Dream". The classes taking part are 1° Classico and 3° Scientifico. The play is directed by Rebecca Reina and Giulia Battaglia, and will be shown in June. The great thing is not only rehearsing but also the laughing, joking and even arguing that always ends with Rebecca saying: <Stop guys hurry up!!!>. And we return to our positions to act. I only hope that you will all see the play.

English Theatre Project

Did You Know??

LONG AGO WHEN PEOPLE LEFT THEIR FRIENDS OR RELATIVES, THEY WOULD SAY, "GOD BE WITH YOU". GRADUALLY THE EXPRESSION WAS SHORTENED TO "GOD BE WI YE" THEN TO "GOD BWYE", AND FINALLY TO "GOODBYE".

Interview with Lorena

As you all may know Lorena Spampinato from 5°(sc) will publish her first book "La prima volta che ti ho rivisto" (The first time I saw you again).

O.V. Where did you get the idea from?

O.V. Can you explain the title?

O.V. What ambitions have you got?

O.V. Good luck for the new book. Everybody go and buy her book. It comes out on the 30th April.

L. It's a love story. Something that could happen to you or anybody. I took the inspiration from my life and my imagination.

L. It represents exactly the idea of twin souls and the fact that when you find the right person for you it's like in your dream.

L. I've just finished writing a completely different story.
